Innovative Analytics Specialist with expertise in front-end web development and data processing. Demonstrated success in handling large-scale datasets and building responsive web applications. Strong track record of performance and code maintainability across multiple roles at Deloitte and HighRadius.

Experience

Deloitte US-India

Analytics Specialist

Aug 2023 – Present

- Built **data processing pipelines** using **Python** and **PySpark**, handling **10+ Billion records**, combined over **50+ clients**
- Improved **code maintainability** by implementing modern Python practices demonstrating strong **Python fundamentals**
- Collaborated with **cross-functional teams** to translate business requirements into technical solutions
- Received **shoutout** for performance and eventually **promoted** to Analytics Specialist Senior Assistant.

Winter Intern

Jan 2023 – Mar 2023

- Modernized legacy codebase achieving **50% reduction** in runtime through clean code principles and **Python** optimizations

HighRadius Corporation

Frontend Developer

Jan 2022 – Nov 2022

- Engineered a **responsive dashboard** application using **Next.js**, **React.js**, and **TypeScript** in an **agile environment**
- Reduced development time by **40%** by creating **15+** reusable UI components, maintaining consistent design patterns
- Enhanced website performance through **code splitting**, **lazy loading**, and **SEO optimization** techniques
- Built **scalable navigation components** and integrated with **REST APIs** for **dynamic data fetching**

Projects

GrandLine - Anime Streaming Platform

Next.js, TypeScript, Tailwind CSS, React.js

- Developed a **streaming platform** using **Next.js App Router** with **Server Components**
- Engineered **custom video player** with **HLS streaming support** and integrated dynamic content carousels using **Swiper.js**
- Implemented **real-time search** with debouncing and loading states using **React hooks** and **Suspense boundaries**
- Developed **reusable UI components** with TypeScript interfaces, ensuring type safety and maintainable codebase
- Enhanced user experience with **optimized image loading**, **custom fonts**, and **smooth page transitions**
- Built **consistent layout and theme** using Tailwind CSS with custom utility classes and component-based styling
- Maintained clean **version control** with **semantic commits** and **pull request workflow**
- Established robust development workflow with **TypeScript**, **ESLint**, and **continuous deployment** on Vercel

Password Generator

Django, Python, JavaScript

- Built a web application for generating **secure passwords** with **customizable parameters**
- Implemented **RESTful API endpoints** in **Django** for password generation logic
- Created **responsive UI** with modern **JavaScript** and **clipboard integration** for enhanced UX

Technical Skills

Languages Python, SQL, TypeScript

Data PySpark, Databricks, MS Excel, PowerBI, Alteryx

WebDev NextJS, Tailwind, ReactJS, Django, REST APIs

Design Figma, Adobe XD, Responsive Design, Attention to detail

Tools Git, GitHub, VS Code, Cursor, Co-Pilot

Education

KIIT University, Bhubaneswar (2019 – 2023)

B.Tech in Computer Science

CGPA: 9.16/10

Delhi Public School, Patna

CBSE Class Xth, Class XIIth

10/10 CGPA

Awards & Achievements

- **Awarded** for handling large-scale data processing for a client having (**1Billion+ records**) at Deloitte
- Received 2 "Shoutout"s for performance (**top 1** of 11 interns) during Deloitte internship and as a full time employee
- **All India Eastern Zonal Finalist** at Tata Crucible Hackathon for developing Parimargin, a geolocation-based track solution
- Earned Scholar's Memento and **4 Scholar badges** for consistent academic excellence over **4+ years**
- Secured **first division** in Fine Arts (Painting) at Pracheen Kala Kendra, as well as **2nd** place in Art Competition

Leadership & Activities

- **Official website developer** and logo designer for **Sankalp Sewa Ka** NGO
- Mentored **2** interns at Deloitte, successfully guiding both to secure full-time positions
- **UI/UX Lead** at IoT Lab, KIIT University, successfully delivered **18** projects and prototypes
- Led as **Vice Captain** for team of **10+** participants for Intercity carrom tournament
- Coordinated educational drives at Rural Immersion Programme for village children, reaching a footfall of **500+**
